Revenue Management Analyst (Singapore)

Are you passionate, proactive, data-driven and hands-on? Do you want to evolve in one of the fastest growing companies in South-East Asia?

We’re looking for a talented and motivated individual to join our growing team based in Singapore. As an important member of the team, you’ll be tasked with performing data analytics, helping to implement different pricing strategies and monitoring key performance metrics.

You’ll be working in a dynamic growth environment, leading efforts to better understand the business, the products, and our customers. If you want a job that provides you with many learning opportunities and lots of responsibility from day one, then this is the right place for you.

Responsibilities:

• Performing data analytics (working closely with BI team) to track and improve KPI performance
• Implementing price and non-price (e.g. promotion, distribution, content management) strategies to help hotels realise their maximum revenue potential
• Monitoring key performance metrics and taking necessary action promptly (involving both internal and external stakeholders)
• Ensuring profitability targets are met for all properties entrusted with
• Reporting to internal and external stakeholders, ensuring deliverables are on track

What we’re looking for:

• Degree in a quantitative field such as statistics or engineering
• Minimum 1-year experience in same field
• Proficient in at least one of the following: MS Excel, Python, R
• The candidate must have the ability to quickly adapt in a fast-paced agile environment
• Good written and verbal communication skills in English
• The candidate likes to take responsibility and work under pressure - not looking for an easy 9-5 job

In order to speed up the short-listing process, qualified or interested candidates are strongly encouraged to submit your updated resume in MS format to jassy.kaur@zenrooms.com by 15 February 2019.

***Please note that we are unable to offer any visa sponsorship for this role***
